

International Business Consortium

International Business Consortium (IBC)- Real Estate is a Canadian-based global private equity group that possesses a wealth of international business expertise with an emphasis on real estate. The primary sponsors and leadership group relies on more than a century of combined business experience. IBC was established specifically to serve in the role of "principal" in application of unique investment criteria and execution of complementary strategies to identify and acquire real estate.

In the role of principal executive agent for a global network of more than 10,000 investors, IBC is constantly evaluating potential real estate transactions, raising equity and promoting or pre-selling projects that have been suggested by investors or agents familiar with our investment criteria.
